Parking:

1) Taylors Lane – opposite the front of Kingsway House in Foregate Street. This is a privately operated car park, 2 minutes' walk.

2) Pitchcroft – at the end of Castle Street by the racecourse. This is a council operated car park that is only open to the public on Saturdays and Sundays. You can pay with Ringo, 5 minutes' walk.

3) Cattlemarket – off Croft Road by the river. This is a council operated car park open 24/7. You can pay with Ringo, 10 minutes' walk.

We recommend Pitchcroft Car Park as first choice as it is the cheapest for a whole day and is the 'right side' of the city for Kingsway House. From here, walk straight up Castle Street to the junction with The Tything, turn right and Kingsway House is on your right.

If you are running late in an emergency: park your car outside the front door of Kingsway House on Foregate Street (satnav WR1 1EE) and come into the exam centre. Hand your keys to reception and we will park your car for you. It is important that you are relaxed and ready to do your best, and not stressed out.

Public Transport links:

RAIL: We are located 100m from Worcester Foregate Street Station. Come out of the station and turn RIGHT. Cross the road and keep walking past the Odeon Cinema. Kingsway House is 100m on your left.

BUS: The Crowngate Bus Station (& Crowngate Shopping Centre) is approximately 500m from Kingsway House. Exit the bus station on the UPHILL side and keep walking to the traffic lights with McDonalds on the corner. Turn left and walk another 400m. Kingsway House is on your left.

Other Information (food availability etc.)

Kingsway House is located on the northern edge of the retail centre of the city. There are lots of places to buy food and drink, such as Tesco Express, Sainsbury's Local, Subway, McDonalds etc – all within a couple of minutes' walk.

Your speaking test time will be on the OET noticeboard at reception. You can leave the premises between the morning session and your speaking test but please make sure you are back about 15 minutes before your allocated time.
